

Job Title: Fullstack Software Developer

Reports To: Development Team Leader

Job Summary:

Reporting to the Development Team Leader, the successful candidate will join our highly skilled aviation Development Team working on our cutting-edge flight data management software; *skybook*. We are looking for someone who is highly experienced as a Fullstack Software Developer with a minimum of three years commercial experience to further enhance the skills, knowledge and experience we have within the team.

Responsibilities and Duties:

You'll be working within the aviation software development team and be involved in the development of our award winning, flagship software *skybook*.

- Working on our web applications using PHP, Javascript, NodeJs, HTML5, React, CSS3 and Oracle
- Using Jira for development cycle using agile methodologies
- Being part of our development road map team, developing new modules for our software
- Improving the performance across our web applications
- Being creative and coming up with new ways to enhance our products using the latest technologies

Skills, knowledge and experience:

- BSc in Computer Science (or equivalent)
- Minimum three years of commercial experience of both front-end and back-end development
- Excellent coding skills and good understanding of the necessities of cross-browser production
- Experience with JavaScript and JavaScript libraries to create rich interactive content
- Experience of PHP backend development
- In-depth experience working with web technologies such as HTML5 and deploying solutions across responsive, cross platform devices/browsers.
- Ability to provide accurate estimates with regards to work and work to a schedule
- Ability to work both autonomously and collaboratively to meet deadlines
- Maintain a high level of awareness of the industry and trends, particularly regarding development.
- Keep abreast of usability standards and emerging technologies.
- Be a team player and keep team members informed as appropriate.
- Work hard to keep Bytron's software ahead of our competitors, positioning yourself and the company as specialists in aviation software.
- Good communication skills, oral and written
- Must have meticulous attention to detail

** although not a specific requirement of the role, due to the location of the offices the successful candidate will be a driver with access to a vehicle

Location:

With offices in Kirmington, North Lincolnshire and Hull, East Yorkshire the successful candidate can choose which of our office locations to be based at.

Staff Benefits:

- Excellent pay progression opportunities (starting salary negotiable, depending on experience)
- 25 days annual leave, increasing with service, plus public bank holidays
- Pension scheme
- Flexible working hours
- free fruit and drinks at work
- Summer and Winter bonus scheme (after 12 months)
- Training and development opportunities

How To Apply:

Please forward your current CV and covering letter explaining why you're the best candidate for this position to our recruitment team: jobs@bytron.aero
