

**Job Title:** SysOps/DevOps Engineer  
**Reports To:** Chief Production Officer

## Job Summary

At Bytron we believe that at the heart of every great company is a team of brilliant, driven professionals. We're a values-led Company and aim to ensure all our employees feel valued, supported and motivated to achieve their very best. Our aim is to exceed expectation and create innovative digital products that make information more accessible and useful, enabling people to achieve more.

As a member of the Production Team, the SysOps/DevOps Engineer will work with and under the direction of the Chief Production Officer to ensure that the design, configuration, implementation, and maintenance of physical and virtual environments that support our Product Development and SaaS data centres are maintained to high standards. The SysOps/DevOps Engineer will act with reliability, maintain strict confidentiality, adhere to all Company policies and be a champion of the Company Values at all times.

## Location

Headquartered in the North Lincolnshire village of Kirmington, we also have offices in Hull, East Yorkshire and fully support a remote working schedule.

## Accountabilities

- Deploy and maintain infrastructure hosted in AWS
- Managing and creating CI/CD pipelines
- Incident and problem management prevention
- Implement system health and performance monitoring tools
- Maintenance of Access Controls

## Experience, Skills and Knowledge

The successful candidate will have a minimum of 3 years commercial experience in a SysOps/Devops Engineer role and have a strong ability to deliver in the follow areas:

- Strong Linux Administration skills
- Good understanding of source control systems (Git)
- Scripting knowledge in one of the following: Bash, Python
- Be able to learn and implement a high level of technical concepts quickly

- Autonomy and strong problem-solving skills
- Experience with AWS and Docker

## Staff Benefits

- Salary from £40,000 to £45,000 p.a, depending on experience
- Bonus Scheme
- 25 days annual leave (rising with service length) plus public bank holidays
- Pension scheme (matched employer contribution up to 5%)
- Flexible and remote working available
- Holiday purchase scheme
- Enhanced Occupational Sick Pay Scheme
- Enhanced maternity/paternity/adoption leave
- Life Assurance (4 x salary)
- £50 birthday voucher
